INSTRUCTIONS FOR Completing
NOTICE OF DEATH: Non-Spouse Beneficiary

These instructions supplement the Notice of Death Form. Each section of the form must be completed.

**DEFINITIONS**

**Inherited IRA:**
Rolling into an inherited IRA is the only rollover option available to a non-spouse beneficiary. An inherited IRA differs from a traditional IRA in that the deceased is still the owner. For this reason, the account balance must be fully distributed to the beneficiary within 5 years of the participant’s death or distributions from the IRA based upon life expectancy must begin by December 31st of the Year (see definition) following the Year the participant passed away.

**Minimum Distribution:**
This distribution is required by law to ensure that retirement benefits are used for their intended purpose - to provide a source of retirement income to participants or their beneficiaries. Distributions to beneficiaries must begin by the Required Beginning Date (see definition) and may impact the benefit option elected. A Minimum Distribution is also required if a beneficiary elects to rollover the distribution prior to the close of the Year (see definition) following the Year in which the deceased passed away even if the Required Beginning Date is in the future. Failure to take the required Minimum Distribution may result in a 50% excise tax on the amount that should have been distributed.

**5% Owner:**
A person will be treated as a 5% owner if he owned over 5% of company stock or business interest in the company sponsoring this retirement plan at any time during the Plan Year (see definition), in which he attained age 70½, or is a spouse, parent, grandparent, or child of a 5% Owner.

**Note:** The deceased is not considered a 5% Owner unless the ownership exceeds 5%. For example, a person who owned exactly 5% of the company would not be considered a 5% Owner while someone who owned 5.1% would be.

**5 Year Rule:**
This rule requires that a beneficiary must take a full distribution no later than December 31st of the fifth Year (see definition) following the participant’s death.

**Plan Administrator:**
The administrator is designated by the company/union, for which the deceased worked, as the person who manages the Plan. He or she will be the person the beneficiary contacts with questions about this Plan’s specific provisions.

**Required Beginning Date (RBD):** (See Section C for Determining the RBD)
For a 5% Owner (see definition) the RBD is April 1st of the Year (see definition) following the Year in which the deceased participant became or would have become 70½. For non-5% Owners the RBD is the later of April 1 of the Year following the deceased participant’s separation from service or April 1st of the Year following the Year in which the deceased participant became or would have become 70½.

**Year:** In this industry, a year is always the calendar year covering the period January 1st – December 31st.

**SECTION A** (Deceased Participant Information)

1. Enter the deceased participant’s name, social security number, date of death and address on the appropriate lines.
2. Check “Yes” or “No” depending on whether or not the deceased participant was a 5% Owner (see definition) of the company sponsoring this retirement plan. If you don’t know whether the participant was a 5% Owner, you must contact the Plan Administrator (see definition).
SECTION B  (Non-Spousal Beneficiary Information)

Enter your name, social security number, date of birth, telephone number and/or email address and address on the appropriate lines.

If the beneficiary is the Estate, enter the Estate Name, the Estate Executor’s Name, the Estate’s Taxpayer Identification Number (TIN), telephone number and/or email address of the Executor and the address of where the check is to be mailed.

If the beneficiary is a minor (under age 18), enter the beneficiary name, guardian name, beneficiary social security number, date of birth, telephone number and/or email address and address on the appropriate lines. The guardian of the minor must provide court documentation showing proof of guardianship with the forms. If the guardian is the parent, proof of the parent relationship is required (i.e. birth certificate, adoption certificate or court order).

Note: Your email address provides MassMutual with the quickest and most reliable means of contacting you should we require additional information to process your request. If you do not have one, you may provide us with a telephone number where we can reach you during normal business hours (Monday through Friday 8am to 8pm EST).

SECTION C  (Election of Options)

Note: Before making an election you may want to contact a tax advisor

Determining the Required Beginning Date (RBD) – (see definition)
The benefit options available to a beneficiary of a retirement account are determined by whether the deceased participant died before, or on or after the RBD for Minimum Distributions (see definition).

IMPORTANT: Completing this section is critical to understanding the benefit options and how you may be impacted.

To help you in selecting the appropriate benefit option, complete item one or two below (complete only one item).

Item 1
☐ The deceased was a 5% Owner (see definition)

Did the Participant die prior to April 1st of the Year (see definition) following the Year in which the participant became 70½?

Select only one below
☐ If yes, participant died prior to Required Beginning Date (see definition)
☐ If no, participant died on or after Required Beginning Date (see definition)

OR

Item 2
☐ The deceased was Not a 5% Owner (see definition)

Did the Participant die prior to April 1st of the Year (see definition) after the later of:

1) The Year in which the participant turned age 70½?
2) The Year in which the participant separated from service?

Select only one below
☐ If yes, participant died prior to Required Beginning Date (see definition)
☐ If no, participant died on or after Required Beginning Date (see definition)
E lecting an Option

IMPORTANT: If an Estate or Charity is the beneficiary, the benefit must be paid according to the 5 Year Rule (see definition). For this reason, the only options available are Continuation of Account and One-Sum Cash Payment.

Continuation of the Account with MassMutual:
This election allows you to leave the account balance invested in the current plan. Generally, the account balance must exceed $5000 before you can select this option. In some cases this amount may be less but you would need to contact the Plan Administrator (see definition) to confirm this. If you elect this option, MassMutual will provide you with a Personal Identification Number (PIN), which will allow you to control the investment of the assets. If you are already a participant in this plan, your current PIN can be used to access this account. You may change the investment selections and / or request a distribution at any time, by contacting the Plan Administrator or MassMutual’s Participant Information Center. The money will be transferred to the beneficiary account, invested in the same investment selections in which the participant was invested in, unless you complete a Beneficiary/Alternate Payee Election Form to select alternate investments.

RBD Impacts:

1. If it was determined above that Death Occurred Prior to RBD (see definition), you can defer the distribution of the death benefit but you must take a full distribution according to the 5 Year Rule (see definition). Additionally, if you intend to rollover the distribution to an Inherited IRA (see definition) at a later date, you must do so within the first 4 Years following the participant’s death. Alternately you may elect to start taking Minimum Distributions each year by 12/31 starting the year after the original participant’s death including the year that the rollover is processed. IMPORTANT: It is your responsibility to receive Minimum Distributions each subsequent year or receive a full distribution by December 31st of the fifth Year (see definition) of the participant’s death.

OR

2. If it was determined above that Death Occurred On /After RBD (see definition), you can defer distribution of the death benefit and receive Minimum Distributions (see definition) annually if the distributions you receive are paid at least as rapidly as the Minimum Distributions that were being paid to the participant. For this reason, if the participant was receiving Minimum Distributions, you must select either the Life Expectancy Payments or the One-Sum Cash Payment option. The first Minimum Distribution will be paid to you at the time we process your Notice of Death Form unless the deceased participant already received a Minimum Distribution this Year (see definition). Please remember to complete the Income Tax Withholding Section of the form as your tax election will apply to the Minimum Distribution. IMPORTANT: It is your responsibility to request additional Minimum Distributions (see definition) annually by submitting a Required Minimum Distribution (RMD) Election Form. This form is available through the Plan Administrator (see definition).

✓ Remember to attach a Beneficiary/Alternate Payee Election form to ensure that you assign a beneficiary and select investment options.

One-Sum Cash Payment To Me:
This election allows you to receive all or part of the benefit as a cash distribution payable to yourself. You can choose to have all of the assets or just a portion of them distributed to you. In either case, you must complete the Income Tax Withholding section of the form as your tax election will apply to the distribution. If you do not complete this section, MassMutual will withhold federal and any applicable state taxes.

RBD Impacts:

1. If it was determined above that Death Occurred prior to RBD (see definition), there are no restrictions on your ability to elect this option.

OR

2. If it was determined above that Death Occurred on /after RBD (see definition), your distribution must at least cover the amount of the Minimum Distribution (see definition) if it is less than a full distribution. If you request an amount that is less, MassMutual will distribute the full amount required.
✓ Remember to select an additional option for the remaining balance if you opt to have only a portion of your assets distributed to you.

Direct Rollover:
This election allows you to roll your distribution directly into an inherited IRA (see definition). If the account balance includes an after-tax balance (assets that can be withdrawn tax free), be sure to check in advance with the receiving institution to ensure that they accept rollovers of after-tax amounts. If they do not, a check will be issued payable to you for the after-tax balance.
**IMPORTANT:** This is not an option if the Estate is the beneficiary.

**RBD Impacts:**
1. If it was determined above that **Death Occurred prior to RBD** (see definition), you can rollover the death benefit but you must take a full distribution according to the 5 Year Rule (see definition). Additionally, if you intend to rollover the distribution to an Inherited IRA (see definition) at a later date, you must do so within the first 4 Years following the participant’s death. Alternately you may elect to start taking Minimum Distributions each year by 12/31 starting the year after the original participant’s death including the year that the rollover is processed.
**IMPORTANT:** It is your responsibility to receive Minimum Distributions each subsequent year or receive a full distribution by December 31st of the fifth Year (see definition) of the participant’s death.

**OR**

2. If it was determined above that **Death Occurred on /after RBD** (see definition), you must first receive the Minimum Distribution (see definition) if any is required. MassMutual will distribute the Minimum Distribution payable to you and the remainder of the account balance will be rolled over per your instructions.

✓ Remember to include the name of the financial institution on the form as the check will be issued payable to them and mailed to you.

Conversion to my Roth IRA:
This election allows you to convert your account balance to an established Roth IRA. Any assets that are taxable will be reported as such on a Form 1099-R and you will be responsible for paying taxes on those assets in the Year (see definition) they are distributed from the plan.

**RBD Impacts:**
1. If it was determined above that **Death Occurred prior to RBD** (see definition), you can rollover the death benefit but you must take a full distribution according to the 5 Year Rule (see definition). Additionally, if you intend to rollover the distribution to an Inherited IRA (see definition) at a later date, you must do so within the first 4 Years following the participant’s death. **OR**

2. If it was determined above that **Death Occurred on /after RBD** (see definition), you must first receive the Minimum Distribution (see definition) if any is required. MassMutual will distribute the Minimum Distribution payable to you and the remainder of the account balance will be rolled over per your instructions.

✓ Remember to include the name of the financial institution on the form as the check will be issued payable to them and mailed to you.
Life Expectancy Installment Payments:
This election allows you to have the account balance paid to you in periodic installments for the remainder of your life. You must complete the Income Tax Withholding section of the form as your tax election will apply to all distributions. If you do not complete this section, MassMutual will withhold federal and any applicable state taxes. You can elect to have the payments made in monthly, quarterly, semi-annual or annual installments and they will be mailed directly to your home. You may change this election and request a full distribution at any time.

RBD Impacts:
1. If it was determined above that Death Occurred prior to RBD (see definition), you must commence payments no later than December 31st of the Year (see definition) following the Year the deceased passed away. The payments are not guaranteed to cover the Minimum Distribution amount each year.
   IMPORTANT: It is your responsibility to receive Minimum Distributions each subsequent year by 12/31.

   OR

2. If it was determined above that Death Occurred on/after RBD (see definition), there are no restrictions on your ability to elect this option. The payments are not guaranteed to cover the Minimum Distribution amount each year.

SECTION E  (Federal Income Tax Withholding – Participant completes)

NOTE: Contact your tax advisor or the IRS if you have any questions concerning tax withholding.

As the beneficiary, you are entitled to elect a rollover distribution. If you roll over your entire distribution, no withholding will apply. If you receive all or any portion of your distribution in a form other than a rollover, then 20% withholding will apply to your distribution that is rollover eligible and 10% to your distribution that is ineligible for rollover. Federal income tax withholding is optional for any installment, annuity payment over life expectancy, or cash payments made payable to Estates or charities.

Read the Special Tax Notice(s) that is included in this packet to determine if your distribution is rollover eligible and to determine if you want to directly rollover the distribution.
SECTION F  (State Income Tax Withholding – Participant completes-optional)

NOTE: Contact your tax advisor or the IRS if you have any questions concerning tax withholding.

You may skip this Section if you reside in a state with no income tax or withholding requirement on retirement income.

The taxable portion of your payment may be subject to state tax withholding requirements. While MassMutual will withhold based on your state's income tax rules and your election, if applicable, you are responsible for ensuring you satisfy your individual state income tax liability. If you make an election that is not in compliance with your state's income tax withholding rules, then MassMutual will default to your state's income tax withholding requirements.

State Income Tax Withholding rules are subject to change at any time. For current state specific tax information pertaining to your resident state, you should contact your tax advisor or your state income tax department. Also note, state tax rules may apply differently depending on your type of distribution (i.e., lump sum, periodic, non-periodic, etc.). In addition, some states allow for an exclusion from income distributions from certain retirement plans - to confirm whether you may qualify to exclude all or a portion of your distribution from income for state taxation purposes, you should consult your plan sponsors or state income tax department.

If your state's income taxes are determined based on wage tables, MassMutual is unable to calculate a net amount, you will need to ensure that you have grossed up accordingly. Your request may be delayed if a net amount is requested.

Any tax information included in this written or electronic communication was not intended or written to be used, and it cannot be used by the taxpayer, for the purpose of avoiding any penalties that may be imposed on the taxpayer by any governmental taxing authority or agency.

✓ Remember to complete this section if instructed to under the benefit options section that you elected. If you fail to do so, MassMutual will automatically withhold federal taxes and any applicable state taxes as explained in this section.
