FDIC insurance up to \$250,000 (including principal and interest) per depositor per program bank. The cash balance you place through the program is swept to one or more program banks, where it earns a variable rate of interest and is eligible for FDIC insurance. If the number of program banks changes, the aggregate amount of available FDIC insurance could be higher or lower. If you have deposits at a program bank, you should consider electing not to use that bank by following the opt-out instructions we provide. If you do so, the aggregate amount of FDIC insurance available to you will be lower. If you do not do so, your existing deposits and deposits through Empower Personal Cash™ at that program bank will be combined for the purposes of FDIC coverage, which could result in some of your funds at that program bank being uninsured. You can find a list of the program banks here: docs.empower.com/PDF/p/cash/program-banks.pdf.

For more information on FDIC insurance coverage, please visit [FDIC.gov](https://www.fdic.gov). Customers are responsible for monitoring their total assets at each of the program banks to determine the extent of available FDIC insurance coverage in accordance with FDIC rules. Funds you place in the Empower Personal Cash™ Program are not covered by SIPC insurance.

There are no limits on the number of deposits or withdrawals you can make under the program. The maximum deposit limit per transaction is \$250,000. The daily withdrawal limit is \$25,000 unless in certain cases, you maintain a Personal Strategy account with Empower Advisory Group, LLC, or your account was opened and funded more than 60 days before the withdrawal, in which case the daily withdrawal limit is \$100,000. For security reasons, there may be other limits on the amount, number, frequency, or destination of deposits or withdrawals you can make to or from the program. Transaction limits are subject to change at our discretion at any time.
